**First International Sarigerme Photovoltaic Energy Workshop**

Dear Friends of Photovoltaic Energy,                      JULY 2000

Utilization of photovoltaic power systems is becoming a reality in different countries around the world. During installation and integration of the PV systems into the grid there are various legal, administrative, technical and financial problems faced and pioneers of the implementation try to find individual solutions to these problems with limited resources.

The draft program of the First International Sarigerme Photovoltaic Energy Workshop, which we will organize between 7-8 September 2000 by bringing together the relevant individuals from the World and Turkey, is given below. The Workshop intends to create a platform for interaction of the PV energy related actors for defining the barriers in front of PV systems applications in Turkey and for finding solutions, which can be implemented. We believe that your participation in our workshop will be profitable for you, for the other participants and us. We need to share your experiences.

Draft program for the workshop:

- |                  |  |
|------------------|--|
| 7 September 2000 | Recent Development of PV System Applications in Turkey<br>Reliability of Stand alone PV Systems and Modules<br>Past Experience in Reliability<br>Grid Connected Applications of PV Systems<br>Rooftop Applications, Cost of PV Electricity on a Roof in Turkey<br>Building Integrated PV Systems |
| 8 September 2000 | How can PV Systems become a Reality in Turkey?<br>Government Policies, Financing PV Projects, International Rooftop<br>Projects (How did they succeed?), Net Metering<br>Benefits offered by Wind/PV Cell Hybrid Systems<br>Presentations of the Manufactures on their Activities in Turkey      |

Before each session of the workshop, the participants who will be selected by the Workshop Coordinator will make a presentation. Registration fee will be waived for the participants who are selected as speakers. If you are planning to make a presentation in one or more of the workshop sessions, please send to the workshop coordinator a summary of your proposed presentation together with a copy of your CV not later than July 28, 2000. The selected speakers will be informed before July 31, 2000.

PV System manufacturers and project developers will have a chance to exhibit their products and services next to the Meeting Room during the workshop. Please find enclosed detailed information about the costs of attending the workshop and the exhibition (**Encl. 1**). Due to seasonal constraints, we would appreciate if you could make your reservations before August 12, 2000 by using enclosed fax registration form (**Encl. 2**).

Sincerely yours,

Dr. Tanay Sidki Uyar  
Workshop Coordinator

Heinz H. Fugger  
General Manager

Workshop Coordinator: **Dr. Tanay Sidki Uyar,**

Enclosure 2

## Fax Registration Form

Please use one form per person. Additional participants may photocopy this form.

Fax: +90 252 2868043 - +90 252 2868053

**I will attend the First International Sarıgerme Photovoltaic Energy Workshop  
Which will take place  
Between 7-8 September 2000 in Iberotel Sarıgerme Park at Ortaca, Muğla Turkey**

**Name, Title:** ----- **Surname:** -----

**Company, Institution:** ----- **Department:** -----

**Address:** -----  
-----

**Tel:** ----- **Fax:** -----

**E-mail:** -----

**Date** ---- / ---- / 2000

**Signature:** -----

### Accommodation Information:

#### Room Type

☐ Double room    ☐ Single room    ☐ Triple room (children of age ☐ 0-6 years ☐ 7-12 years )

**Accompanying Persons Names:** ----- **Age:** -----  
-----  
-----

**Arrival Date:** ----/----/2000

**Departure Date:** ----/----/2000

**Arrival Flight Number:** ----- **Departure Flight Number:** -----

**Arrival time:** ----- **Departure time:** -----

**I would like to have a stand in the exhibition hall as described in enclosure 1.    ☐ Yes**

### Participant Registration:

To help us prepare and organise the event in the best possible way, we request that you also answer the following questions and send brief curriculum vitae.

#### Field of Activity

(Tick one answer)

- ☐ Research, Development, Design
- ☐ Manufacturing, Production
- ☐ Purchasing, Sales
- ☐ Authorities, Public Institutions
- ☐ Others: -----

#### Professional Status

(Tick one answer)

- ☐ Independent Entrepreneur, Partner
- ☐ Chief Executive, Member of the Board, Senior Civil Servant
- ☐ Department Head, Group Manager
- ☐ Employee
- ☐ Others: -----

## **Enclosure 1**

### **Cost of accommodation:**

Double room per person, per day : 112 DM  
Single room per day : 134 DM  
Third person in a double room per day : 73 DM

Children 0 - 6 years old : free  
Children 7 -12 years old : 50% (accompanied with parents)

Accommodation on half pension basis (breakfast and dinner are included).

### **Workshop participation fee:**

The participation fee for the First International Sarigerme Photovoltaic Energy Workshop is 500 DM.

Opening cocktail, coffee breaks and the farewell dinner at the Beach house are included in the registration fee.

### **Exhibition fee:**

Companies or institutions that like to exhibit their products or services during the workshop may rent an exhibition space next to the Workshop Meeting Room by paying 1000 DM. The exhibitors will have the chance to present their products, show their videos and distribute their brochures during the workshop. The exhibitor should demand special requests for the exhibition space.

### **Bank Accounts:**

For reservations please transfer the total amount to Garanti Bank Marmaris Branch DM account number 9001985-2 or TL account number 6200319-9 or USD account number 9006902. After receiving the receipt of your transfer, your reservation will be confirmed. To avoid misunderstandings and due to the difficulties rising from bank operations, please bring with you the copies of your bank transfer receipts.

Sincerely yours,

• berotel Sar• germe Park
